4x2 TRD Type

VRZ

LEADERS PAVE THEIR OWN PATH

Make way for the ultimate strongest model of the All New Fortuner. Complete with all the primary specifications, powered with 4x4 function.

4x4 VRZ Type

Easy 4x4 Switch

Take control and dominate the road ahead with differential lock function

Safety Features

SRS Airbag
Dual + Knee + Side + Curtain shield airbags improved protection for passengers and minimize chance of injury.

Downhill Assist Control (DAC)
The DAC system improves downhill control during descent on steep or slippery surfaces.

Vehicle Stability Control (VSC)
More control during cornering.

Emergency Brake Signal (EBS)
Hazard warning lights automatically flashed during emergency braking to help reduce possibility of a rear collision.

Hill Assist Control (HAC)
Prevents vehicle from rolling back on steep hills.

A-TRC
Assists the driver in recovering from wheel spin. If wheel spin is detected, braking is applied to the spinning wheel and driving force is distributed to the remaining wheels.

VRZ | SRZ
